ZUMBA AND EXERCISE

At our school, we have incorporated a dynamic fitness routine into our daily assembly, setting a lively tone for the day ahead. Every morning, students enthusiastically engage in invigorating Zumba sessions and exercises, promoting a holistic approach to well-being. This initiative not only emphasizes the importance of physical fitness but also encourages a positive mindset, fostering a healthy start to each school day.

This daily ritual serves as more than just a fitness routine; it creates a sense of unity and energy among students, fostering a shared commitment to health and wellness. Beyond the physical benefits, the collective participation in Zumba and exercises cultivates a vibrant school community, where students come together, support each other, and kickstart their day on a positive note, ready to face academic challenges with renewed vitality.

AQUA ARENA

Water activities, especially for the youngest of children, provide the opportunity to learn life skills and healthy habits.

A thrilling swimming competition recently took place at our school, where aquatic talents showcased their prowess. Participants, adorned in vibrant swimwear, raced through the water, displaying skill and determination. The event not only fostered a spirit of healthy competition but also highlighted the importance of water sports and physical fitness in our school community.
